I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

I oppose the idea that the FDA would want to restrict the availability of individually compounded medications. - What purpose does it serve? The fact that large drug companies have megabucks to pay lobbyists is not a good reason to support them.
